

TECH TITANS

The **Impact Suite** comes locked and loaded with everything you need to delight your learners and deliver business success. But the fun doesn't have to stop there. Thanks to our Power-up options, you can now tap into Growth Engineering's boundless engagement expertise.

The Impact Suite is a haven for learner engagement right out-of-the-box. But there may be cases where our solutions don't cater to your specific needs or use case. In situations like these, you can call upon **Tech Titans**, our software enhancement Power-up.

We are a learning technologies company with almost 20 years' experience developing award-winning software. Our focus on quality, impact and learner engagement informs everything we do.

PROVEN METHODOLOGIES

We'll follow our proven and well-documented processes.

HIGHLY QUALIFIED

We'll provide a project team with extensive experience.

SUPER RESPONSIVE

We'll use a responsive approach to managing deliverables.

Growth Engineering follow a SCRUM-based agile implementation framework that helps us to develop solutions as quickly and easily as possible. Our approach has four stages:

Discovery: Requirements detailed in a Project Initiation Doc (PID) and Project Plan.

Development: Build and configuration of platform, functionality or integration.

Design: Wireframes and mock-ups created in line with brand specifications.

Deployment: Roll-out of system and user testing, deployment, training and reviews.

Did You Know:

Our Tech Titans have developed software that has won 110+ awards and have completed projects for L'Oréal Travel Retail, HP, BT, P&G and many others.
